Sharp's awarded Sourcewell Contract for Multifunction Copiers, Printers & Equipment enables our authorized MFP Dealers and direct sales offices, Sharp Business Systems, the ability to offer technology solutions to Sourcewell Members. This overview provides a summary and outline of the essential contract functions and various roles and responsibilities.

I) CONTRACT OVERVIEW

A. CONTRACT NUMBER

083116-SEC

B. CONTRACT TERM

10/19/16 – 10/19/20

C. GUARANTEED DELIVERY

1. 14 Business Days ARO
2. FOB Destination within 25 miles of Authorized Dealer or SBS location

D. ORDERING ADDRESS

SHARP ELECTRONICS CORPORATION
c/o Local Authorized Dealer OR
Sharp Business Systems (Insert Name)
100 Paragon Drive, Box Q
Montvale, NJ 07645

Contact: BreAnne Laurel

Phone: (201) 529-8576

snapcustomerservice@sharpsec.com

II) CONTRACT SCOPE

A. USAGE & TERM

This contract may be used by any Sourcewell Member. Membership is open to State Governments & Political Subdivisions; Non-profit/tax-exempt Schools, Colleges and Universities; Non-profit/tax-exempt Hospitals and other Non-profit/tax-exempt Organizations.

[Click here to become a member](#)

B. AWARDED PRODUCT OFFERINGS

1. Multifunction Copiers and Printers
2. AQUOS BOARD Interactive and Professional Displays
3. Customized Software Solutions

III) CONTRACT PRICING

A. EQUIPMENT

The basis for Sourcewell pricing is calculated on a percentage discount from Manufacturer Suggested Retail Price. Mainframe & Accessory discounts may differ.

SHIPPING CHARGES

All deliveries are F.O.B. destination as freight and handling charges are calculated into the pricing schedules. Portions of an order shipped due to back-orders are shipped at no charge.

B. PRICING

CEILING PRICING – The contract award is based upon ceiling pricing which may not be exceeded.

IV) ACQUISITION METHODS

A. PURCHASE

B. FINANCING OPTIONS

Financing options may be offered directly by Sharp authorized dealers or SBS locations. Specific terms should be reviewed and approved by the Sourcewell member.

V) ORDER DOCUMENTATION

A. DOCUMENTATION

PURCHASE ORDER REQUIREMENT

Purchase Orders must contain the following:

- Dealer (or SBS Branch) Name, Address, Email & Phone
- End User Name, Address, Contact, Email & Phone
- Itemized list of equipment and accessories with Contract Pricing
- Signed Lease Agreement, if applicable
- Tax-Exempt form where applicable

FINANCING OPTION

In addition to the requirements above, additional terms and conditions related to the agreed upon financing must be incorporated into the Purchase Order OR a signed finance document must accompany the Purchase Order.

B. PAYMENT TERMS

Payment terms: 30 days

VI) DELIVERY, INSTALLATION, MOVES

DELIVERY

Sourcewell member will confirm delivery, installation and acceptance of all products covered by each order, by signing a Delivery and Acceptance Certificate (D&A) which shows acceptance of the product(s) and allows local authorized dealer or SBS location to invoice for the product(s).

INSTALLATION

Purchase price includes standard installation within 25 mile radius of Authorized Dealer or Branch Location.

EXCESSIVE INSTALLATION

Installing local authorized dealer or SBS location may charge for excessive installation requirements, including rigging, access alterations, and access to non-ground floors via stairs. Any such excessive installation charges must be quoted to the Sourcewell member prior to the signature of any Order and shall be based on the actual expenditures.

NETWORK INSTALLATION

Network installation includes configuration of the Device for the proper network protocols, and installation of the appropriate print drivers on up to five (5) computers per device. Requests for network installation on additional devices will be negotiated between the Sourcewell member and the servicing local authorized dealer or SBS location.

EQUIPMENT MOVES

Cost for equipment moves is dependent upon the distance of the move and the size of unit. One move (per life of installation) within the same building is provided at no charge. All other equipment moves will be negotiated and a cost estimate will be provided to the requesting Sourcewell member.

CUSTOMER TRAINING

Local authorized dealer or SBS location will provide 2-4 hours on-site initial training, depending on model and number of key operator participants. Additional training will be negotiated, and a cost estimate will be provided to the requesting Sourcewell member.

VII) SERVICE PROVISIONS

A. WARRANTIES & DOWNTIME

WARRANTY

Standard warranty is 90-days for all products offered, beginning with the date of acceptance of delivery. In addition, Sharp provides a Three Year Performance Guarantee for all orders placed under Sourcewell Contract 083116-SEC.

REPLACEMENT OF EQUIPMENT

In addition to our standard 90-day product warranty, Sharp will provide Sourcewell members a Three Year Performance Guarantee. If the MFP is not performing within the machine's design specifications and cannot be repaired by the Authorized Sharp Dealer and Sharp Service Technician, Sharp will replace the equipment with a like model with comparable features at no additional cost.

The 3-Year Performance Guarantee begins at the date of installation. All equipment must be maintained under a full Service Maintenance Agreement with a Sharp Authorized Dealer or SBS location, and operated using only genuine Sharp supplies and parts.

This guarantee applies to all products procured through and billed under the Sourcewell contract and is not applicable to equipment that has been damaged by accident or misuse, including improper voltage. If it is determined that the equipment was maintained using other than genuine Sharp supplies and parts, the 3-Year Performance Guarantee will no longer be valid.

LOANERS

If any Device is inoperable for more than (8) hours due to equipment malfunction, a Service Technician will determine if a Service Loaner is necessary. If required, a loaner device of similar speed and capabilities will be provided within (2) Business Days by the local authorized dealer or SBS location until such time as the inoperable device is operable.

B. SERVICE ZONES

STANDARD URBAN SERVICE

Service rates are calculated based on service zones. Standard Urban Service applies to units located within 25 miles from a service provider.

RURAL SERVICE

For units located 25 miles+ from a service provider, additional rates may apply.

IX) SERVICE BILLING OPTIONS & METER COLLECTION

PURCHASED / FINANCED EQUIPMENT

Sourcewell service and supply pricing includes all parts, labor and consumables, except staples and paper.

Sourcewell Members may source a customized service contract directly from the installing Authorized Sharp Dealer or SBS Branch Location.

METER COLLECTION

Meter read collection instructions will be presented during the installation / training process.

X) END OF TERM RELATED ISSUES

SECURITY/END OF LIFE

Sharp's End-Of-Lease feature is standard on all advanced series MFPs. This feature ensures that all data is overwritten before returning, or relinquishing control of the MFP. After the erasing process is completed, the MFP will be rebooted automatically and a completion report can be printed.

HARD DRIVE REMOVAL / REPLACEMENT

As directed, the authorized servicing dealer or SBS location will remove the hard drive upon written direction from the Sourcewell member.

The hard drive will be provided to the Sourcewell member for their disposal. The cost of hard drive removal and replacement is \$350 per device.

XI) CONTRACT DOCUMENTATION

Contract information is provided on [Sharp's customized Sourcewell website](#).

Color Copiers

MX-2651 / MX-3051 / MX-3551 / MX-4051 Networked Digital Color Copier

Sharp's MX-2651, MX-3051, MX-3551, and MX-4051 Essentials Series color document systems are built using the latest technology available to deliver the performance, features and reliability needed in today's busy workplace environments. These MFPs are also easy to use and offer enhanced productivity, all to provide customers with a seamless, intuitive experience, and the confidence in knowing their jobs will come out right the first time, every time. The color document systems also offer leading-edge security features to help businesses protect their data and personal information.

Sharp's award-winning touchscreen display offers a user-friendly graphical interface with simplified Easy Modes, integrated user guides and quick access to network services. Sharp's MFP Voice feature, available on these models, allows you to interact with the machine with the power of natural language. In addition, these models integrate seamlessly with today's complex network environments and support popular cloud services and mobile technologies. Sharp's Application Portal allows administrators to add new apps or update existing apps right from the MFP.

The MX-2651, MX-3051, MX-3551 and MX-4051 Color Essentials Series are feature-rich and offer businesses powerful multitasking features at a strong value.

Features at a glance

- ◆ 26 / 30 / 35 / 40 PPM Black & White - 26 / 30 / 35 / 40 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to ten times
- ◆ Award-winning 10.1" (diagonally measured) customizable touchscreen display with a clean design enables easy access to features and functions when setting up jobs
- ◆ Standard 100-sheet reversing single-pass document feeder scans documents at speeds up to 80 images per minute
- ◆ Access popular cloud services, such as Microsoft® OneDrive™ for Business, SharePoint® Online, Google Drive™, Dropbox and more with Sharp's available Cloud Connect feature. And with Sharp's Application Portal, administrators can add or update apps right from the MFP.
- ◆ Sharp's MFP Voice feature enables users to control the device with simple verbal commands. Experience a hands-free, voice-first interaction powered by Amazon Alexa. (optional hardware required)
- ◆ Available wireless networking feature can connect directly to your network or to mobile devices for convenient scanning and printing with the Sharpdesk® Mobile App
- ◆ 600 x 600 dpi printing produces razor-sharp documents
- ◆ With the OCR Expansion Kit, you can easily convert documents to popular Microsoft® file formats as well as a variety of PDF formats. You can also add options to direct print these same file types from thumb drives, cloud applications and more. This function is available via Qualcomm® DirectOffice™ technology.
- ◆ Network ready PCL®6 and available Adobe® PostScript® 3™ printing systems ensure your documents print with the clarity and formatting you expect
- ◆ Color Consistency System delivers high quality color output and helps maintain optimum image balance and toner density page after page
- ◆ Flexible paper handling system supports media up to 110 lb cover and up to 12" x 18" through the paper trays
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)
(Measurements for base model without Stand)

MX-5051 / MX-6051 Networked Digital Color Copier

Sharp's MX-5051 and MX-6051 Essentials Series color document systems are built using the latest technology available to deliver the performance, features and reliability needed in today's busy workplace environments. These MFPs are also easy to use and offer enhanced productivity, all to provide customers with a seamless, intuitive experience, and the confidence in knowing their jobs will come out right the first time, every time. The Color Essentials Series also offers leading-edge security features to help businesses protect their data and personal information.

Sharp's award-winning touchscreen display offers a user-friendly graphical interface with simplified Easy Modes, integrated user guides and quick access to network services. Sharp's MFP Voice feature, available for these models, allows you to interact with the machine with the power of natural language. In addition, these models integrate seamlessly with today's complex network environments and support popular cloud services and mobile technologies. Sharp's Application Portal enables administrators to easily add new apps or update existing apps right from the MFP.

The MX-5051 and MX-6051 Color Essentials Series are feature-rich and offer businesses powerful multitasking features at a strong value.

Features at a glance

- ◆ 50 / 60 PPM Black & White - 50 / 60 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to ten times
- ◆ Award-winning 10.1" (diagonally measured) customizable touchscreen display with a clean design enables easy access to features and functions when setting up jobs
- ◆ Standard 100-sheet reversing single-pass document feeder scans documents at speeds up to 80 images per minute
- ◆ Access popular cloud services, such as Microsoft® OneDrive™ for Business, SharePoint® Online, Google Drive™, Dropbox and more with Sharp's available Cloud Connect feature. And with Sharp's Application Portal, administrators can add or update apps right from the MFP.
- ◆ Sharp's MFP Voice feature enables users to control the device with simple verbal commands. Experience a hands-free, voice-first interaction with Amazon Alexa. (optional hardware required)
- ◆ Available wireless networking feature can connect directly to your network or to mobile devices for convenient scanning and printing with the Sharpdesk® Mobile App
- ◆ 1200 x 1200 dpi printing produces razor-sharp documents
- ◆ With the available OCR Expansion Kit, you can easily convert documents to popular Microsoft® file formats as well as a variety of PDF formats (PostScript Kit required). You can also add options to direct print these same file types from thumb drives, cloud applications and more. This function is available via Qualcomm® DirectOffice™ technology.
- ◆ Network ready PCL®6 and available Adobe® PostScript® 3™ printing systems ensure your documents print with the clarity and formatting you expect
- ◆ Color Consistency System delivers high quality color output and helps maintain optimum image balance and toner density page after page
- ◆ Flexible paper handling system supports media up to 110 lb cover and up to 12" x 18" through the paper trays
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)
(Measurements for base model without Stand)

MX-6580N / MX-7580N Networked Digital Color Copier

Inspired by the latest application and imaging technologies, the Sharp MX-6580N and MX-7580N offer a rugged design and a user friendly experience, helping customers navigate document workflow with unmatched efficiency. Built for high-volume office environments, small central reprographics departments and copy rooms, these document systems are complemented by the robust paper handling and productive output capabilities once found only in commercial print facilities.

Sharp's next generation Color Consistency System helps ensure brilliant, consistent color output page-after-page and job-after-job for repeatable, high-quality results. Businesses can rest assured that producing professional looking color documents in house can be easier and more economical than ever before with these models.

Some key features of these models are Sharp's customizable touchscreen display which offers a user-friendly graphical interface with a clean design, simplified Easy Modes and integrated operation guides. They are equipped with the latest version of Sharp OSA® technology for easy integration with network applications and cloud services and can unlock advanced capabilities to help you better manage your workflow. The latest MX-PE12 Fiery Color Print Server is available for environments such as corporate offices, CRDs and in-plant printing facilities that require precision color control and job management.

 - Optional 5,000 sheet letter / legal / ledger / 13" x 19" large capacity 2 drawer tray
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ A powerful embedded Fiery® Color Print Server is available for environments that require precision color control and job management
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Award-winning Sharp security platform with standard 256-bit data encryption and up to 10 times data overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 150 Sheet Duplexing Single-Pass Feeder
- ◆ Scan preview feature offers on-the-fly page editing with easy fingertip navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- ◆ Scans documents at up to 200 images per minute in both Black and Color
- ◆ Network ready PCL®6/PS3 printing system with direct print function
- ◆ Flexible paper handling system feeds up to 110 lb cover stock through paper trays and through bypass tray
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 33-1/4" (w) x 33-1/4" (d) x 48 1/8" (h)

MX-7090N / MX-8090N Pro Series Digital Color Document System

The Pro Series MX-7090N and MX-8090N light production color document systems offer proven technology, award-winning features and exceptional image quality at speeds up to 80 ppm. Built with the customer in mind, producing professional-looking documents has never been easier. Organizations, large and small, will benefit from the versatility of the available input and output options. Options ranging from the air-feed paper handling option, to the production booklet finisher that prints up to a 120 page full-bleed booklets, the Pro Series can help your organization produce more jobs in-house, saving time and money.

These models simplify workflow like never before with the large 15.4" touchscreen display utilizing the latest controller architecture and intuitive user interface Sharp has to offer. These models also offer a choice of three powerful print controllers, including the standard Sharp print controller and two optional Fiery Print Servers operating on the latest FS300 Pro and FS300 platforms enabling customers freedom to choose the right fit for them and custom tailored to their workflow requirements.

The MX-7090N and MX-8090N also support Sharp OSA® technology, which makes integration with network applications and cloud services simple and easy. Sharp's multi-layered Security Suite can help protect your data and personal information from the first day of operation to the time of trade-in.

Features at a glance

- ◆ 70 /80 PPM Black & White - 70 / 80 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
 - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
 - Optional 3,000 sheet letter / legal / ledger-size large capacity cassette
 - Optional 3,500 sheet letter large capacity tray
 - Optional 5,000 sheet letter / legal / ledger-size large capacity tray
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Sharp's fuser technology ensures consistent edge-to-edge printing with a uniform finish across the page for professional-looking full image documents
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ Flexible modular design provides a wide variety of configurations from basic high-speed copying and printing to professional folding and booklet making
- ◆ Print engine paper catalog stores up to 1,000 media profiles to help maintain optimum print quality
- ◆ Large 15.4" (diagonally measured) multi-position touch-screen display with swing-out keyboard
- ◆ Sharp's Color Consistency System with next generation image process control delivers high-quality color output and maintains optimum color balance and toner density page after page
- ◆ Quickly scan both sides of a document at once with the standard 150 Sheet Duplexing Single-Pass Feeder
- ◆ Easily access popular cloud applications, including Microsoft® OneDrive® for Business, SharePoint® Online and Google Drive™ with Sharp's Cloud Connect features
- ◆ Compact PDF feature dramatically reduces the file size of scanned color documents, resulting in decreased network traffic and more efficient use of disk and cloud storage
- ◆ 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- ◆ Scans documents at up to 200 images per minute in both Black and Color
- ◆ Standard high-performance print controller with PCL® 6 and Adobe® PostScript®3™ included
- ◆ Flexible paper handling system feeds up to 110 lb (300 gsm) cover stock and up to 13" x 19" output
- ◆ Standard Job Management features make it easy to print on-demand as well as view jobs, retain jobs, combine jobs, select print settings and more
- ◆ Dimensions 38-3/8" (w) x 30-1/4" (d) x 60-1/4" (h)

Sharp's MX-M2651/M3051/M3551/M4051 Essentials Series monochrome workgroup document systems are built using the latest technology available to deliver the performance, features and reliability needed in today's busy workplace environments. These MFPs are also easy to use and offer enhanced productivity, all to provide customers with a seamless, intuitive experience, and the confidence in knowing their jobs will come out right the first time, every time. The monochrome Essentials Series also offers leading-edge security features to help businesses protect their data and personal information.

Sharp's customizable touchscreen display offers a user-friendly graphical interface with simplified Easy Modes, Integrated user guides and quick access to network services. With Sharp's MFP Voice feature available for these models, you can interact with the machine with the power of natural language. These models have standard full multifunction capability out-of-box, including copying, network printing and color network scanning. Add the optional PostScript Kit to enable the Adobe Embedded Print Engine, which direct prints PDF files with greater performance and rendering accuracy.

These models integrate seamlessly with today's complex network environments, and support popular cloud services and mobile technologies. Sharp's Application Portal enables administrators to easily add new apps or update existing apps right from the MFP.

The MX-M2651, MX-M3051, MX-M3551 and MX-M4051 Monochrome Essentials Series document systems are feature-rich and offer organizations powerful multitasking features at a strong value.

Features at a glance

- ◆ 26 / 30 / 35 / 40 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ 100 sheet reversing single-pass document feeder
- ◆ Flexible paper handling system supports media up to 110 lb cover and up to 12" x 18" through the paper trays
- ◆ Scans documents at up to 80 images per minute
- ◆ Large 10.1" (diagonally measured) customizable touchscreen display with a clean design enables easy access to features and functions when setting up jobs
- ◆ Access popular cloud services, such as Microsoft OneDrive™ for Business, SharePoint® Online, Google Drive™, Dropbox and more with Sharp's available Cloud Connect feature.
- ◆ With the available Optical Character Recognition (OCR) Expansion Kit, you can easily convert documents to popular Microsoft® file formats as well as a variety of PDF formats. You can also add options to Direct Print these same file types from thumb drives, cloud applications and more.
- ◆ Sharp's MFP Voice feature enables users to control the device with simple verbal commands. Experience a hands-free, voice-first interaction powered by Amazon Alexa. (optional hardware required)
- ◆ Network ready PCL® 6 and available Adobe® PostScript® 3™ printing systems ensure your documents print with the clarity and formatting you expect
- ◆ Available wireless networking feature can connect directly to your network or to mobile devices for convenient printing and scanning with the Sharpdesk® Mobile App
- ◆ Available Compact PDF feature dramatically reduces the file size of most color scanned documents, resulting in decreased network traffic and more efficient use of disk and cloud storage
- ◆ 600 x 600 dpi printing provides clear, crisp images and enhanced clarity for fine details such as small text and graphics
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)
(Measurements for base model without Stand)

These models have standard full multifunction capability out-of-box, including copying, network printing and color network scanning. Add the optional PostScript Kit to enable the Adobe Embedded Print Engine, which direct prints PDF files with greater performance and rendering accuracy.

These models integrate seamlessly with today's complex network environments, and support popular cloud services and mobile technologies. Sharp's Application Portal enables administrators to easily add new apps or update existing apps right from the MFP.

The MX-M5051 and MX-M6051 Monochrome Essentials Series document systems are feature rich and offer organizations powerful multitasking features at a strong value.

Features at a glance

- ◆ 50 / 60 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ 100 sheet reversing single-pass document feeder
- ◆ Flexible paper handling system supports media up to 110 lb cover and up to 12" x 18" through the paper trays
- ◆ Scans documents at up to 80 images per minute
- ◆ Large 10.1" (diagonally measured) customizable touchscreen display with a clean design enables easy access to features and functions when setting up jobs
- ◆ Access popular cloud services, such as Microsoft OneDrive™ for Business, SharePoint® Online, Google Drive™, Dropbox and more with Sharp's available Cloud Connect feature
- ◆ With the available Optical Character Recognition (OCR) Expansion Kit, you can easily convert documents to popular Microsoft® file formats as well as a variety of PDF formats. You can also add options to Direct Print these same file types from thumb drives, cloud applications and more.
- ◆ Sharp's MFP Voice feature enables users to control the device with simple verbal commands. Experience a hands-free, voice-first interaction powered by Amazon Alexa. (optional hardware required)
- ◆ Network ready PCL® 6 and available Adobe® PostScript® 3™ printing systems ensure your documents print with the clarity and formatting you expect
- ◆ Available wireless networking feature can connect directly to your network or to mobile devices for convenient printing and scanning with the Sharpdesk® Mobile App
- ◆ Available Compact PDF feature dramatically reduces the file size of most color scanned documents, resulting in decreased network traffic and more efficient use of disk and cloud storage
- ◆ 600 x 600 dpi printing provides clear, crisp images and enhanced clarity for fine details such as small text and graphics
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)
(Measurements for base model without Stand)

MX-M5071 / MX-M6071 Networked Digital Copier

The Sharp MX-M5071 and MX-M6071 Advanced Series monochrome workgroup document systems are built using the latest technology available to deliver the performance, features and reliability needed in today's busy workplace environments. These MFPs are also easy to use and offer enhanced productivity, all to provide customers with a seamless, intuitive experience, and the confidence in knowing their jobs will come out right the first time, every time. The Monochrome Advanced Series also offers leading-edge security features to help businesses protect their data and personal information.

Sharp's customizable touchscreen display offers a user-friendly graphical interface with simplified Easy Modes, integrated user guides and quick access to network services. With Sharp's MFP Voice feature available for these models, you can interact with the machine with the power of natural language. These models have standard full multifunction capability out-of-box, including copying, network printing and color network scanning. Adobe Embedded Print Engine technology direct prints PDF files from a variety of sources with greater performance and rendering accuracy.

These models integrate seamlessly with today's complex network environments, and support popular cloud services and mobile technologies. Sharp's Application Portal enables administrators to easily add new apps or update existing apps right from the MFP.

The MX-M5071 and MX-M6071 Monochrome Advanced Series offers organizations powerful multitasking features, enabling them to quickly execute the ever-changing workflow tasks of today's busy office environments

MX-M7570 Networked Digital Copier

The Sharp MX-M7570 high-speed monochrome document system offers crisp, high quality output at speeds up to 75 pages per minute coupled with exceptional ease of use. This model is designed to provide customers with a seamless, intuitive experience, and the confidence in knowing their jobs will come out right the first time, every time. This document system focuses on user operability and draws inspiration from the latest networking and imaging technologies available today, all to create a document system that delivers the productivity you need, with the reliable performance you want.

Sharp's customizable touchscreen display offers a user-friendly graphical interface with a clean design, simplified Easy Modes and integrated operation guides. Equipped with the latest version of Sharp OSA[®] technology for easy integration with network applications and cloud services, this model can unlock advanced capabilities to help you better manage your workflow. An integrated walk-up motion sensor and an easy-to-use graphical interface combine with a fast warm up time to create a workflow experience with virtually no waiting time.

The MX-M7570 monochrome document system offers customers powerful multitasking features enabling them to quickly execute the ever-changing workflow tasks of today's busy office environments. And with Sharp's multi-layered Security Suite, this model can help protect your data and personal information from the first day of operation to the time of trade-in.

Features at a glance

- ◆ 75 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,700 sheets
 - 3,200 Sheets Standard Paper Capacity - One 1,250 sheet tandem tray, One 850 sheet tandem tray
Two 500 sheet paper trays and 100 sheet bypass tray
 - Optional 3,000 sheet ledger size large capacity cassette
 - Optional 3,500 sheet letter size large capacity cassette
- ◆ Standard 150 sheet duplexing document feeder
- ◆ Scans documents at up to 200 images per minute
- ◆ Standard security platform includes 256-bit encryption, up to 10-times data overwrite and an End-of-Lease feature that erases all data and personal information at trade-in
- ◆ Automatic walk-up motion sensor wakes the machine, and it's ready within seconds
- ◆ ImageSEND[™] feature provides one-touch distribution to email, network folders, cloud applications and more
- ◆ Large 10.1" (diagonally measured) customizable touchscreen display with a clean design enables easy access to features and functions

MX-M905 Networked Monochrome Document System

From walk-up office environments and corporate workgroups, to Central Reprographics Departments (CRDs) and copy rooms, the MX-M905 High-Speed Monochrome Document System offers advanced technology and features that will streamline your document workflow like never before. The MX-M905 has been designed to handle the rigors of high volume environments with the user-friendliness of a workgroup MFP. With an engine speed of 90 ppm, standard networking and flexible configurations, this high volume workhorse is a perfect fit where productivity and reliability are critical and ease of use is essential.

A large 10.1" (diagonally measured) customizable touchscreen display with a clean design enables easy access to features and functions when setting up jobs. With Sharp's micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript®, your organization can produce beautiful images and enhanced clarity for fine details such as small text and graphics. The triple air-feed paper handling option offers high reliability and is virtually maintenance-free.

Built on the latest Sharp OSA® development platform, the MX-M905 makes integration with network applications and cloud services easier than ever. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 90 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 8,500 sheets
 - 3,100 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray, Two 500 sheet paper trays and 100 sheet bypass tray
 - Optional 3,000 sheet letter / letter-R / legal / ledger size large capacity cassette
 - Optional 3,500 sheet letter size large capacity cassette
 - Optional 5,000 sheet letter / letter-R / legal / ledger size large capacity tray (2 drawer)
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Award-winning Sharp security platform with standard data encryption, data overwrite protection and data erase
- ◆ Quickly scan both sides of a document at once with the standard 250 Sheet Duplexing Single-Pass Feeder
- ◆ Scan preview feature offers on-the-fly page editing with easy fingertip navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance-free
- ◆ 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- ◆ Scans documents at up to 240 images per minute (Monochrome or Color)
- ◆ Network ready PCL®6/PostScript®3™ printing system
- ◆ Flexible paper handling system feeds up to 110 lb cover stock
- ◆ Dimensions 42-3/4" (w) x 31-1/4" (d) x 48-3/4" (h)

MX-M1055 / MX-M1205 Networked Digital Duplicator

The MX-M1055 and MX-M1205 high performance monochrome document systems are the latest additions to the Sharp Pro Series light production lineup. Built on award-winning technology, these models add advanced workflow capabilities with EFI's latest Fiery® platform that helps set the bar for the ultimate in efficiency and operation. The new Fiery® Print Server MX-PE11 provides in-plants and Central Reprographics Departments (CRD) with the advanced workflow capabilities they expect.

The MX-M1055 and MX-M1205 offer a large, high-resolution 15.4" color touchscreen display with swing out keyboard and touch pad that streamlines operation and job management. Triple-air paper feed units combined with the Print Engine Paper Catalog (PEPC) offer a wide range of paper types to be utilized with high precision and reliability. The new powerful Fiery Print Server is available for advanced workflows and high productivity. Command WorkStation is fully integrated with the Sharp touchscreen for unmatched control and ease-of-use.

The MX-M1055 and MX-M1205 also support Sharp OSA® technology, which makes integration with network applications and cloud services simple and easy. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to help safeguard your business's intellectual property. And when it comes time to trade in, a convenient End-of-Lease feature can erase all job data and user data.

Features at a glance

- ◆ 105 / 120 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
 - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
 - Optional 2 Drawer 2,500 sheet (each drawer) large capacity cassette - letter / legal / ledger / statement / 12" x 18" size
 - Optional 3,500 sheet letter size large capacity cassette
- ◆ Large, high-resolution 15.4" color touchscreen display with swing out keyboard and touch pad
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Web browser feature allows easy access to web-based information
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Available Fiery® Print Server for advanced workflows and high productivity

MX-C300P Desktop Color Printer

The compact MX-C300P desktop printer delivers high quality output and reliable performance for busy offices and workgroups. The 30 page per minute MX-C300P is a powerful desktop color printer that can enhance the document output of any size office. Built with Sharp's latest technology, the MX-C300P fits into tight spaces and offers advanced features to help users get their work done quickly.

The MX-C300P offers high quality color output for all types of business documents with Sharp's micro-fine toner technology. Flexible connectivity supports both wired and wireless network environments, as well as USB direct printing from the machine front panel. The Sharpdesk® Mobile app offers convenient wireless printing from mobile devices, such as iPad®, iPhone®, Android™, Windows® Devices. Compact and well designed, the MX-C300P is an affordable color printer for virtually any size office or workgroup.

Features at a glance

- ◆ Productive printing speeds up to 30 PPM
- ◆ Paper capacity maximum: 800 sheets
 - Standard 250 sheet paper drawer and 50 sheet bypass tray
 - Optional: 500 sheet paper drawer
- ◆ PCL®6 / Postscript® 3™ compatibility printing for both PC and Mac printing environments
- ◆ Dual-Component development system and Sharp's micro-fine toner technology helps produce high quality output
- ◆ Standard Auto Duplex Printing
- ◆ Standard secure wireless networking
- ◆ Sharpdesk Mobile app enables printing from mobile devices
- ◆ Compact Design: easily fits into small office environments
- ◆ High Quality 600 x 600 dpi printing
- ◆ Easy-to-use 5-line LCD operation panel
- ◆ Front USB port for easy direct printing of PDF files from memory devices
- ◆ Account control for up to 30 users
- ◆ Dimensions 17" x 20" x 13 1/4"

MX-C250 / MX-C300W Desktop Color Document Systems

The MX-C250 and MX-C300W desktop color document systems are designed to be compact and powerful, bringing performance and productivity to individuals and small workgroups. These models are capable of output speeds of up to 30 pages per minute (PPM), regardless of whether you're working with monochrome or color documents. They offer print, copy, scan and fax features that enhance day-to-day workflows. The compact size of the MX-C250 and MX-C300W enable them to fit into tight workspaces without sacrificing the advanced technology that provides professional quality output. Standard wireless networking on the MX-C300W allows users to connect to the multifunction device without having to be near a wired network connection. Sharpdesk Mobile compatibility offers cutting edge mobile scanning and printing that connects the MX-C250/C300W to mobile products such as iPad®, iPhone®, Android™, Windows® 8, or Windows® RT devices. The compact design of the MX-C250/C300W series was achieved using breakthrough technologies developed internally by Sharp, which include a high performance lens, downsized scanning unit, side-by-side toner cartridges and a reduction in overall parts. These technologies have helped Sharp offer one of the lowest costs-per-copy (CPC) in this category.

Features at a glance

- ◆ Productive Printing and Copying 25 PPM/CPM (MX-C250) and 30 PPM/CPM (MX-C300W)
- ◆ Paper capacity maximum: 800 sheets
 - Standard 250 sheet paper drawer and 50 sheet bypass tray
 - Optional: 500 sheet letter/statement drawer
- ◆ PCL®6 / Postscript® 3 network printing for both PC and Mac printing environments
- ◆ 35 Page Single Pass Document Feeder (MX-C250)
50 Page Reversing Single Pass Document Feeder (MX-C300W)
- ◆ Standard Auto Duplex Printing
- ◆ Standard Super G3 Fax (MX-C300W only)
- ◆ Sharpdesk Mobile offers powerful, mobile scanning and printing for users' mobile products including iPad, iPhone, Android, Windows 8 and Window RT devices
- ◆ Compact Design: does not require a special cabinet and easily fits into today's small office environments
- ◆ High Quality 600 x 600 dpi copy and print
- ◆ Simplified user interface utilizing a 5-line LCD operation panel
- ◆ Full Color Scanning to E-mail, FTP Server, network folder, USB memory or desktop
- ◆ Front USB port for easy scan to USB memory or printing from USB
- ◆ ID card shot feature for easy copying of insurance cards, credit cards or drivers license
- ◆ IPv6 support ensures the latest compatibility with network environments

MX-C303W /MX-C304W Desktop Color Document Systems

The MX-C303W Essentials Series and MX-C304W Advanced Series desktop color document systems deliver crisp, high-quality output with exceptional ease of use. These multifunction printers (MFPs) provide customers with an intuitive user experience and the confidence of knowing their jobs will come out right the first time, every time. Designed with high-performance features typically found on larger machines, the compact MX-C303W and MX-C304W deliver the productivity you need with the performance and reliability you want.

Sharp's award-winning touchscreen display offers a user-friendly graphical interface with simplified Easy Modes, integrated user guides and quick access to network services. Sharp's MFP Voice feature, available on these models, allows you to interact with the machine with the power of natural language. In addition, these models integrate seamlessly with today's complex network environments and support popular cloud services and mobile technologies. Sharp's Application Portal (coming Spring 2019) will allow administrators to add new apps or update existing apps right from the MFP.

The compact MX-C303W and MX-C304W Desktop Color Document Systems offer a strong set of standard workflow features that are often optional on competitive models. These models are also equipped with leading-edge security features that help businesses protect their data and personal information from the first day of operation to the time of trade-in. When you are ready to trade the machine in, a convenient End-of-Lease feature can erase all data and personal information, as well as print a confirmation report.

Features at a glance

- ◆ Productive Printing and Copying 30 PPM/CPM
- ◆ Paper capacity maximum: 300 sheets
 - Standard 250 sheet paper drawer and 50 sheet bypass tray
 - Optional: 600 sheet letter/statement/legal drawer
- ◆ Network ready PCL®6 and Adobe® PostScript® 3™ printing systems deliver crisp, clear documents
- ◆ 50 Page Reversing Single Pass Document Feeder (MX-C303W)
- ◆ 100 Page Duplexing Single Pass Document Feeder (MX-C304W)
- ◆ Built-in Optical Character Recognition (OCR) function can convert scanned documents to text-searchable PDF format, Microsoft® Office file formats and more (standard on MX-C304W)
- ◆ Access popular cloud services, such as Microsoft® OneDrive™ for Business, SharePoint® Online, Box.com, Google Drive™, Dropbox and more with Sharp's Cloud Connect feature (standard on MX-C304). And with Sharp's Application Portal (coming Spring 2019), administrators can add or update apps right from the MFP.
- ◆ Sharp's MFP Voice feature enables users to control the device with simple verbal commands. Experience a hands-free, voice-first interaction powered by Amazon Alexa. (optional hardware required)
- ◆ Compact PDF feature dramatically reduces the file size of most color scanned documents, resulting in decreased network traffic and more efficient use of disk and cloud storage (standard on MX-C304W)
- ◆ Award-winning 7" (diagonally measured) customizable touchscreen display with a clean design enables easy access to features and functions when setting up jobs
- ◆ 500 GB hard drive supports convenient Document Filing System with image preview
- ◆ Direct print Microsoft Word, Powerpoint® and Excel® files from thumb drives, cloud applications, network folders and more. This function is enabled via Qualcomm® DirectOffice™ technology (standard on MX-C304W).
- ◆ High Quality 600 x 600 dpi copy and print
- ◆ Dimensions: 19 11/32" (w) x 22 3/8" (d) x 22 21/64" (h) - MX-C303W

MX-B376W / MX-B476W Networked Digital A4 Copier

The MX-B376W and MX-B476W Advanced Series desktop monochrome document systems deliver crisp, high-quality output with exceptional ease of use. These models provide customers with an intuitive user experience and the confidence of knowing their jobs will come out right the first time, every time. Designed with high-performance features typically found on larger machines, the compact MX-B376W and MX-B476W deliver the productivity you need with the performance and reliability you want.

Sharp's customizable touchscreen display offers a user-friendly graphical interface with simplified Easy Modes, integrated user guides and quick access to network services. With Sharp's MFP Voice feature available on these models, you can interact with the machine with the power of natural language.

These models offer out-of-the-box copy, print, scan and fax capabilities, plus standard Cloud Connect features combined with wireless networking that enable users to easily manage their workflow from PCs, smart phones and tablets. They integrate seamlessly with today's complex network environments and support popular cloud services and mobile technologies. With Sharp's Application Portal, administrators can easily add or update apps right from the touchscreen panel of the MFP.

The compact MX-B376W and MX-B476W Advanced Series desktop monochrome document systems offer powerful productivity features enabling users to quickly execute workflow tasks in today's busy office environments. And with Sharp's multi-layered leading edge Security Suite, these models can help protect your data and personal information from the first day of operation to the time of trade-in.

Features at a glance

- ◆ Crisp black-and-white copies at speeds of 37 PPM (MX-B376W) and 47 PPM (MX-B476W)
- ◆ Paper capacity maximum: 2,350 sheets
 - Standard 500 sheet paper drawer and 50 sheet bypass tray
 - Optional: up to 3 additional 600 sheet paper drawers
- ◆ 50 Sheet Reversing Single Pass Feeder (MX-B376W), 100 Sheet Duplexing Single Pass Feeder (MX-B476W)
- ◆ Both models can feed letter size, legal size, statement size and business card size original documents
- ◆ Customizable Touchscreen display enables easy access to features and functions when setting up jobs
- ◆ Built-in Optical Character Recognition (OCR) function can convert scanned documents to text-searchable PDF format, Microsoft® Office file formats and more
- ◆ Direct print Microsoft Word, PowerPoint® and Excel® files from thumb drives, cloud applications, network folders and more. This function is enabled via Qualcomm® DirectOffice™ technology.
- ◆ Standard Compact PDF feature dramatically reduces the file size of most color scanned documents, resulting in decreased network traffic and more efficient use of disk and cloud storage
- ◆ Sharp's MFP Voice feature enables users to control the device with simple verbal commands. Experience a hands-free, voice-first interaction powered by Amazon Alexa. (optional hardware required)
- ◆ PCL® 6 and Adobe®/Postscript® 3™ network printing
- ◆ Supports popular mobile technologies, enabling users to easily print files from smart phones, tablets and even notebook computers
- ◆ Environmentally-friendly in design, engineering and manufacturing
- ◆ Dimensions 19-3/8" (w) x 20 x-3/8" (d) x 25-1/8" (h)
(Measurements for base model without Stand)

Model Number	Description	Contract Pricing
PN-L705H	Featuring 4K** resolution, the 70" Class (69.5" diagonal) PN-L705H and 80" Class (80.5" diagonal) PN-L805H interactive displays enhance the Sharp AQUOS BOARD lineup. Stunning 4K Ultra-HD resolution reproduces your content accurately with incredibly precise rendering of color and detail. It offers the "Pen-on-Paper" user experience promised by the Sharp AQUOS BOARD series, providing revolutionary writing comfort close to actually using a pen to write on real paper. The PN-L705H and PN-L805H interactive displays can play an especially valuable role in the architecture, design, and video industries, as well as in museums and libraries, all of which require precise detail and superior interactivity. These are your go-to monitors when you need true-to-life detail and superb interactivity.	\$10,460.00

* Available for download via included download application

Model Number	Description	Contract Pricing
PN-L651H	The PN-L651H/751H/851H AQUOS BOARD interactive display systems are made for show and tell in the digital age. Whatever screen size you choose - 65", 75" or 85" Class (64 1/2, 74 1/2 or 84 9/16, respectively) - you get pristine 4K Ultra HD resolution. With a pre-installed controller and built-in whiteboard and wireless functionality, they are always ready for a quick meeting. The touchscreen supports up to 20 touch points at a time. You can use either a finger or the bundled touch pen, which gives a Pen-on-Paper® writing experience. Your group collaborations just got more seamless and intuitive.	\$4,018.00

LL-B240 / LL-B270 Desktop LCD Monitor

- ◆ 24" Class (23.8" Diagonal), 27" Class (27" Diagonal) Desktop Monitors
- ◆ Full High Definition (1,920 x 1,080 pixels) Resolution with 200 cd/m² Brightness (default) / 250 cd/m² Brightness (maximum) and 3,000:1 Contrast Ratio
- ◆ Thin Profile - LL-B240 & LL-B270 (1/4" at thinnest part)
- ◆ Adjustable Blue Light (can be set to four levels)
- ◆ 178 (LL-B240 & LL-B270) Degree Viewing Angle
- ◆ Streamlined Design Using Edge Lit LED Backlighting
- ◆ 3-Year Limited Warranty

Model Number	Description	Contract Pricing
LL-B240	Sharp's desktop monitors are a space-conscious solution for any office desk! With their 2 mm bezel, svelte profile and stylish round stand, the 24" Class (23.8" diagonal) LL-B240 and 27" Class (27" diagonal) LL-B270 desktop monitors seem to float before your eyes. They are much slimmer than a typical office monitor making on-screen content more noticeable than the hardware. The LL-B240 and LL-B270 desktop monitors won't dominate a desk, even with several monitors set up. In fact, they are designed to free up a business person's valuable desk "real estate" to ultimately enhance productivity! In addition to their minimal profile, these monitors support Full HD resolution, have adjustable light settings for optimal comfort and a wide viewing angle of 178 (LL-B240 & LL-B270) degrees so users can see high-quality images with less alterations to color and brightness.	\$171.00

PN-V550A

Full High Definition Professional LED Monitor

- ◆ 55" Class (54.6" Diagonal) Professional LED Monitor with Ultra-Slim 3.5mm Bezel
- ◆ 1920 x 1,080 Resolution with 4,000:1 Contrast Ratio
- ◆ Up to 500 cd/m² brightness
- ◆ Sharp UCCT (Uniform Color Calibration Technology)
- ◆ Full-Array LED Backlight
- ◆ Full Complement of Inputs and Outputs for Easy Connectivity
- ◆ Enlarge (Zoom) Display Mode (for up to 25 Monitors) to create video wall
- ◆ Optional Control Kit allows all monitors in a video wall to be operated using one remote

PN-V550A shown as video wall

Model Number	Description	Contract Pricing
PN-V550A	Sharp's 55" Class (54.6 diagonal) full high-definition PN-V550A professional LED monitor allows you to build video walls with exceptionally thin 3.5 mm* ultra-slim bezels that will complement virtually any commercial or public space. Whether installed in a shopping mall, hotel, control room, transport hub, or conference hall, an array of these monitors will convey your message with overwhelming style and precision. Four PN-V550A monitors set up in a 2 x 2 configuration, for example, will let you display every last pixel of native 4K Ultra HD (3,840 x 2,160-pixel) content on the equivalent of a 110" Class screen. Thanks to Sharp UCCT (Uniform Color Calibration Technology), color reproduction and brightness are beautifully consistent on each individual LCD monitor and thus across the entire video wall.	\$4,520.00

* 3.5 mm is the minimum combined frame width for neighboring monitor, excluding the gap between the monitor.

Options & Accessories		
PN-ZR01A	Optional Control Kit that permits the monitors in a video wall to be controlled using one remote controller when one monitor is fitted with a remote control sensor box (included) - Includes remote controller and remote control sensor box.	132.00
PN-ZR42	Optional Long Mirror Frame - for use between the "longer" sides of display	283.00
PN-ZR43	Optional Short Mirror Frame - for use between the "shorter" sides of the display	271.00

Sourcewell Contract #083116-SEC

PN-V701

Flat - Panel Professional Large-Format LCD Monitor

- ◆ 70" Class (69 1/2" Diagonal) Professional LCD Monitor
- ◆ Brilliant High Definition (1,920 x 1,080) UV²A LCD Display
- ◆ Up to 700 cd/m² brightness and 4,000:1 Contrast Ratio
- ◆ Sharp Advanced UCCT (Uniform Color Calibration Technology)
- ◆ Expansion slot supports HDBaseT™ 2.0 with optional PN-ZB03H expansion board
- ◆ Full-Array LED Backlight
- ◆ Enlarge (Zoom) Display Mode
- ◆ Optional Control Kit allows all monitors in a video wall to be operated using one remote

Model Number	Description	Contract Pricing
PN-V701	<i>The 70" Class (69-1/2" Diagonal) full high-definition PN-V701 Professional LCD Monitor allows you to build video walls with exceptionally thin 4.4 mm* combined bezels that will complement virtually any commercial or public space. Whether installed in a shopping mall, hotel, control room, transport hub, or conference hall, a bank of these monitors will convey your message with overwhelming style and precision. Sharp's Advanced UCCT (Uniform Color Calibration Technology) allows the color reproduction and brightness to be beautifully consistent on each individual LCD monitor and thus across the entire video wall.</i>	\$8,979.00

* 1.5 mm (right/bottom), 2.9 mm (left/top)

SHARP®

Skywell™
Atmospheric Water Generator

Sourcewell Contract # 083116-SEC

SKYWELL™

Atmospheric Water Generator

- ◆ Generates up to five gallons of clean drinking water per day
- ◆ Totally portable and convenient - not dependent on any outside water source - only requires electrical outlet
- ◆ Collection Tank Capacity - 6L / 1.6 Gallons
- ◆ Cold Tank Capacity - 10L / 2.5 Gallons
Hot Tank Capacity - 0.8L / 0.21 Gallons
- ◆ Dispense Temperature Range of 37°F - 200°F
- ◆ Interactive Touchscreen and Dashboard
- ◆ Skywell app displays water temperatures, current water tank level and water production on the touchscreen
- ◆ Environmentally and Socially Responsible - a commitment to help reduce usage of plastic and its carbon footprint with no pumping, piping, shipping or delivery
- ◆ 1 Year Warranty on Device, 5 Year Warranty on Compressor
- ◆ Dimensions - 48.6 H x 12.6 W x 19.8 D (inch)

Skywell Touchscreen Display

Description	Contract Pricing
<i>The convenience of the Skywell atmospheric water generator makes users appreciate water in ways they haven't before. No longer do co-workers lift heavy bottles when the water cooler runs dry or carry individual bottles to the office every day. From a placement perspective, since water pipes aren't required, installing a Skywell in conference rooms, busy hallways or any location that needs water is as simple as rolling in a Skywell and plugging it into an outlet.</i> <i>The Skywell atmospheric water generator maintains the purity of every drop of water produced using advanced monitoring technology in combination with six water filters, two ultraviolet lights and ozone treatment. This unique system, which meets NSF (National Sanitation Foundation) standards, ensures every glass of water produced meets standards. Additionally, Skywell's built-in monitoring system continuously monitors the water quality to ensure that the water produced is of thoroughly tested quality, clarity and flavor every time.</i> <i>The flexibility to adjust water temperatures easily allows users to customize temperature output to the specific needs of any home or office. The hot water temperature can be set up as high as 200°F allowing for the instant making of the perfect cup of coffee, tea, oatmeal or noodles. If users need a cool glass of water, Skywell can provide it at 37° degrees, with no need for ice!</i> <i>The Skywell app allows you to track your water consumption on a daily, weekly and monthly basis, as well as monitor the positive environmental impact that results from your reduced usage of plastic bottles. It also offers you the opportunity to brand the Skywell with your company's logo.</i>	\$2,765.00

Professional Services are Now Available

Providing all of the tools you need for complete system integration

Sharp Electronics provides Sourcewell customers professional service assistance on a contract basis. Professional service assistance is provided in 8-hour (**DSERVICE**) and 4-hour (**DSERVICE-II**) blocks of time.

Professional services may include:

- Technical assistance installing Sharp hardware and/or Sharp software within large or complex network environments
- Special customization of Sharp software
- Assisting customer developers creating custom business applications using Sharp's OSA software development tools

However, DService and DService-II professional services are not used to install or configure third-party software, replace or augment customer IT personnel responsibilities, or to manage projects on behalf of a customer's own project management resources.

Contact your Sharp Government & Major Account Manager for more information on scheduling Professional Services at your location.

Professional Services Rates:

Full Day Service Fee (DSERVICE)
\$1,500.00 (Travel Expenses Additional)

Professional Services Hourly Rate (DSERVICE II)
\$175.00 per Man Hour with 4 hour minimum charge (travel expenses additional)

Please Note:

A Statement of Work is required before scheduling Professional Services at your location
A mutually signed statement of work is required to initiate a professional services engagement with a customer. The statement of work will specify the scope of the engagement, project milestones, a begin-date, an end-date, and requirements for each party involved in the engagement. The DService and DService-II units necessary to fulfill the engagement are determined based on the scope and requirements of the engagement.

ENVIRONMENTAL CONSERVATION

Sharp's ongoing commitment and dedication to developing eco-friendly document systems set a high standard for the industry

An Environmentally Responsible Approach to Product Design

Our document systems utilize Sharp's advanced micro-fine toner technology, which offers a lower consumption rate and produces less waste, resulting in longer replacement intervals. Sharp supplies are packaged using fully recyclable materials. Long-life consumable parts help minimize service intervals and downtime, resulting in lower operating costs. Energy-saving modes allow power to be reduced or shut off at set intervals. And, Sharp document systems are RoHS compliant to meet the latest green initiatives.

Special Recognition for Energy Efficient Product Design

In 2014, Sharp received special recognition by the US Environmental Protection Agency (EPA) for Energy Efficient Product Design. Sharp is recognized for its participation in providing valuable insight and information in ENERGY STAR®'s specification revision process and by demonstrating creativity in helping the EPA address and resolve technical challenges to build robust specifications.

Sharp Business Products are EPEAT® Certified

EPEAT (Electronic Product Environmental Assessment Tool) is a 3rd party global rating system for greener electronics that requires ongoing independent verification of manufacturer claims. Businesses, government agencies, schools, hospitals and other institutions are using EPEAT as the environmental benchmark to help them make informed purchasing decisions. By using EPEAT standards to purchase greener electronics, you will be assuring your organization's environmental sustainability goals and help to preserve our natural resources.

Sharp's Environmental Leadership

As a testament to our commitment to the environment, Sharp was a former recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the U.S. Government's General Services Administration and the Coalition for Government Procurement.

Sharp's commitment to the environment sets a high standard for the industry.

The **Green Contractor Award** recognizes contractors that have made the best overall commitment to the environment by offering environmentally friendly products and services or adhering to environmentally sound manufacturing procedures.

The **Evergreen Award** identifies environmentally-friendly businesses and their efforts in recycling and waste reduction practices. Please visit www.sharppusa.com/environment to learn more about our environmental leadership.

Toner Recycling Program

As part of our commitment to preserving the environment, Sharp has partnered with a zero waste to landfill recycler for recycling all Sharp consumables including cartridges, bottles, waste collection containers and drum units. Customers can participate in Sharp's free Stop, Drop, Recycle Program by visiting our website: www.sharppusa.com/recycle.

HEIGHTENED SECURITY ENSURES CONFIDENTIALITY

Sharp's industry-leading document and device protection ensures confidentiality and safeguards your assets.

As MFPs and printers become a part of an organization's integrated document workflows and business processes, security becomes a serious concern. Securely managing business and user data is critical for corporations to be successful but that can add greater complexity as they are associated with various sources and formats.

Sharp helps IT managers minimize such concerns and optimize security management by providing integrated security features.

Data and Information Security

Standard MFP security coupled with the optional Data Security Kit (DSK) protects and controls the major MFP systems and subsystems (print, copy, scan, fax jobs, network settings, memory components, local user interface). The Sharp data encryption method uses the Advanced Encryption Standard (AES) algorithm 256* bit on all data before it is written to RAM and the hard disk drive. It also provides overwriting routines for deleted data to ensure that all information is virtually irretrievable by unauthorized users.

MEETING SECURITY STANDARDS AND CERTIFICATIONS

Security for Private Sector and Corporate Organizations

Sharp MFPs provide robust, complete control over information access, transmission and tracking to facilitate compliance with stringent mandates. By implementing the Sharp Security Suite, Sharp MFPs can help banks and investment institutions meet the privacy requirements of the Gramm-Leach-Bliley (GLB) Act. Insurance and healthcare providers can maintain Health Insurance Portability and Accountability Act (HIPAA) compliance with confidence. Businesses across all industries will benefit from the strict controls over financial information required under the Sarbanes-Oxley (SOX) Act.

Security for Public Sector and Government Organizations

Threats to government infrastructure are rapidly growing and the number of attacks continue to rise. On one hand, information sharing is critical for the efficiency of these organizations. On the other hand, security management is becoming more challenging for IT managers. Sharp can help your organization meet US government information security requirements through ISO 15408/Common Criteria certifications or features such as Common Access Card (CAC)/ Personal Identity Verification (PIV) authentication to maintain security clearance to protect classified data.

Protect Your Data

As the leader in office equipment security, Sharp makes it easy for any business or government entity to safely deploy and facilitate secure printed documents.

* Encryption level is varies per model.
