A3 Mono MFP

Sharp's new high speed & light production monochrome series document systems raised the bar for the copying and printing in the business world. The MX-M905 |MX-M1055 |MX- M1205 delivers the performance and features your customers expects. These High Speed Mono Document Systems combine a flexible modular design with robust paper handling and productive output capabilities that can streamline your document workflow like never before. Now including the Optional Fiery (M1055/1205 only) for your printing needs. Built for high-volume office environments, small CRDs and copy rooms, they are a perfect fit where productivity and reliability are essential. A large 10.1" (diagonally measured) high-resolution, touch-screen display offers real-time scan preview with intuitive flick-and-tap editing to help ensure your documents are produced accurately and without waste. With Sharp's next-generation micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript®, your business can produce professional looking color documents in-house with breathtaking image quality that is also economical. Sharp's Color Consistency System helps ensure brilliant, high-quality color output page after page. A new paper feed option utilizes air-feed technology, which offers higher reliability and enhanced media capabilities.
