Sharp MX-6580N & 7580N

A3 Color MFP

Sharp's new high volume MX-6580N and MX-7580N High Speed Color Document Systems combine a flexible modular design with robust paper handling and productive output capabilities that can streamline your document workflow like never before. Built for high-volume office environments, small CRDs and copy rooms, the MX-6580N and MX-7580N are a perfect fit where productivity and reliability are essential. A large 10.1" (diagonally measured) high-resolution, touch-screen display offers real-time scan previewwith intuitive flick-and-tap editing to help ensure your documents are produced accurately and withoutwaste. With Sharp's next-generation micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript ®, your business can produce professional looking color documents in-house with breathtaking image quality that is also economical. Sharp's Color Consistency
System helps ensure brilliant, high-quality color output page after page. A new paper feed option utilizes air-feed technology, which offers higher reliability and enhanced media capabilities.

Features at a glance
